Lining = 72% Polyester / 28% Virgin wool (Merino)

Chemical information:

SVHC non-reported ✓

REACH compliant ✓

03 MY HOME

ORTOVOX HEADQUARTERS, TAUFKIRCHEN NEAR MUNICH

This is where I was designed.
Here, experts develop the materials,
functionality and sustainability that define me.
From here, my journey begins.

Manufacturer:
ORTOVOX Sportartikel GmbH
Germany

04 MY ORIGIN

TASMANIA, AUSTRALIA

This is where my Merino wool comes from.
It gives me softness, natural performance and
lasting comfort.
It is an essential part of who I am.

05

MY JOURNEY

My wool travels to Europe, where it is processed into high-performance textiles.

Skilled craftsmanship and technical expertise at every stage help bring me to life.

Ready for the European market?

EU Compliance verified 

06

MY LIFE IN THE MOUNTAINS

I accompany people on hikes, mountain adventures and ski touring.

Designed to be durable, functional and reliable – wherever the journey leads.

07

MY CARE

Proper care helps me perform better and stay in use for longer.

CARE INSTRUCTIONS

08

MY NEXT LIFE

My story doesn't end after years of use.

The valuable materials I contain can continue their journey.

KEEP ME IN CIRCULATION

Spare parts available

Resell

Repair service by ORTOVOX

Partial recycling

Continued Journey
approved

MY DIGITAL PASSPORT

The Digital Product Passport (DPP) keeps my story and information up to date. It provides transparency throughout my entire life cycle – from raw materials to recycling.

- Product & material information
- Origin & supply chain transparency
- Care, repair & reuse guidance
- Recycling & circularity information

What is inside the DPP?

ABOUT RETRAKT

My journey is part of a bigger transformation.

RETRAKT is a research project that supports the textile industry in the transition towards a resilient circular economy.

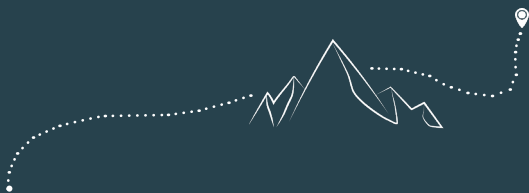

Together with partners from research and industry, we investigate how textile and apparel manufacturers can redesign their processes to be resource-efficient, circular, and recycling-friendly – even under uncertain conditions.

Our goal is to help companies meet future EU requirements while keeping valuable materials in circulation.
